Valhalla High School
RE: New York tour donation

Rebeca McMillan informed me of the very generous donation made by the McMillan Law Firm of \$1,600.00 for one of our students to enable them to go on our Band music tour to New York City during our school spring break. This was a great educational experience for all of the participants and your generous donation enabled one more student to participate who otherwise would not have had that opportunity. Thank you from the bottom of my heart for seeing your way to make that experience a reality. A generous heart is a rare commodity these days.

Thank you ever so much.

Respectfully Yours,

Richard Almanza
